

WIND AND THE WAVES

Great Damage Wrought Along the Atlantic Coast.

THE STORY NOT HALF BEEN TOLD.

For Two Days and a Night the Gale Blew With Ever Increasing Fury and Then There Was a Steady Downpour of Rain to Complete the Devastation Already Well Done.

NEW YORK, Oct. 14.—The great storm of 1896 has not been relegated to the annals of the past and the story has not half been told. No one has so far been able to estimate the damage wrought by the wind and the waves, nor to say how far-reaching was the fury of the gale. But so far as the eye can see, from any point along the shores of Long Island, along the Jersey coast, in over the lowlands and in some instances over the highlands, wherever one may turn there are evidences that a hurricane has been passing through this section of the country. It was the tail of a storm that came from the Indies, broad and destructive; lifted the seas to a giant height and forced in the waters with a sweep that carried them high over the land to begin the work the wind and rain would finish. For two days and a night, the gale blew with ever-increasing fury, and then there was a steady downpour of rain to complete the miserable devastation already well done.

At Brighton Beach and at Manhattan, at Edgemere, at Far Rockaway and at a dozen other points along the sea line, the incoming waters swept under the very foundations of the buildings. One hotel did go down. It was the Brunswick at Sea Isle City, the finest structure of its kind in that section. The reports that have already come in are to the effect that in some sections whole districts on the coast were clean swept of the frame buildings.

Jersey City was in places practically inundated, and boats were a valuable acquisition. The railroads in that section of New Jersey were sufferers to the extent of suspending business for a period, and many towns in that state were cut off.

Coney Island was the greatest sufferer. One may not now stroll through the well remembered walks fronting on the beach, but he may climb wearily over the masses of ruins that mark the old paths, or stand afar and view the wrecked pavilions and water chutes and ice slides. Seidlitz's concert hall at Brighton is totally destroyed. The ruins of two walls are all that mark the huge structure, which crashed in under the terrific force of water hurled against it. It is believed that several hundred thousand dollars would not cover the value of the places thus destroyed.

Although the tide was higher than anybody remembered it to be, but early yesterday morning, long before sunrise, it had again reached a maximum, still higher than at the previous flood. It only needed this to complete the devastation along the beaches. The seas simply swept over the adjoining districts, hundreds of feet beyond what long ago had been fixed as the line of safety. As a result dwellings were flooded and some of them are not yet safe from collapse.

AS REPORTED FROM PHILADELPHIA. Half a Dozen Lives Lost and Much Property Destroyed.

PHILADELPHIA, Oct. 14.—The West Indian hurricane, which carried death and destruction before it and has devastated the New Jersey coast during the past 48 hours, has finally spent its force. Some half a dozen lives have been lost and more than \$150,000 worth of property destroyed.

The greatest damage was done at Atlantic City, Angelsea, Sea Isle City and Holly Beach. The railroad companies will be the heaviest losers in Atlantic City, the damage to their roadbeds alone amounting to over \$20,000.

At Sea Isle City hardly any property along the ocean front escaped damage. The Hotel Brunswick was badly wrecked by the heavy breakers. Up at the Continental hotel the sea's inroads were by far the most disastrous. Not one of the cottages fronting the boardwalk escaped without being more or less damaged. Verandas were torn out of place, fences and flower gardens were totally destroyed, and many cottages were dangerously undermined. The boardwalk is badly strained and in some places is entirely demolished.

Reports from Angelsea are to the effect that the tide was the highest and most destructive since 1884. The large dancing pavilion, shuffle board and carousel buildings owned by ex-State Senator Baker were washed away. At Holly Beach three houses were completely destroyed. No trains have been run over the Angelsea branch of the West Jersey railroad since Saturday, but they will probably resume tomorrow.

Steamers arriving at the breakwater give evidence of having encountered terrible weather. The steamer Barn Innerdale seems to have been the chief sufferer. She was struck by the hurricane Sunday about noon. Her decks were continually flooded, rails were torn from the decks, two small boats were broken to pieces and Seaman John

Gibbons was washed overboard and drowned. The steamer Slingsby met practically the same fate and was compelled to leave for 24 hours.

It is probable that other incoming vessels will report similar experiences.

From Boston.

BOSTON, Oct. 14.—The tropical hurricane is practically over in this section, after 65 hours of gale and rain, and the weather for the first time since Saturday night shows signs of clearing. The rain, while not at any time heavy, has been continuous and over an inch fell. With the exception of the Alsatian the destruction caused by the storm has been fortunately confined to the yachts in the various harbors and frail summer structures along the coast, and so far as reported there has been no loss of life.

TYNAN RELEASED.

The French Authorities Refuse to Grant His Extradition.

PARIS, Oct. 14.—The minister of justice, M. Darlan, at a cabinet council yesterday, submitted reasons for refusing the extradition of P. J. P. Tynan, the Irish-American alleged dynamiter now in custody at Boulogne. He said that evidence that Tynan is the so-called "No. 1" is not conclusive, nor is it proven that Tynan was connected with the Phoenix park murders.

P. J. P. TYNAN.

Even had these premises been established, said M. Darlan, the case is covered by the 10 years' limit. Consequently Tynan will be released as soon as the decisions are submitted to the officials at the British embassy.

His Release Has Taken Place.

NEW YORK, Oct. 14.—Mrs. P. J. Tynan has received a cablegram from her husband, which said:

"Am released. Hope to greet you in New York."

COURT DECLINES TO INTERFERE.

Colored Schools Can Be Established Where Advantages Are Equal.

WASHINGTON, Ind., Oct. 14.—Charnier Hawkins, a wealthy colored man, applied for a mandate from Judge Hefron to compel the city school trustees to admit his son to the high school, the trustees having refused to do so. His son had been attending the colored school, and had been passed to the high school grade. The court held that the school authorities had a right to establish a school for the education of colored children independent of the whites, provided the same rights and privileges were extended the colored student that the white enjoyed.

It was held by the plaintiff that the defendants had not complied with the law, that the advantages were not equal, inasmuch as the colored teacher who had been put in charge of the advanced pupils in his school was unable to teach the higher branches. The court ruled that the evidence showed that the same advantages were had in the colored school as the white, and held in favor of the defendants.

OUTLAWS ARRESTED.

The Notorious Green Gang of Desperadoes Finally Broken Up.

VINETA, I. T., Oct. 14.—The notorious Green gang of desperadoes was given a hard blow yesterday by United States Marshal Samuel Rutherford and his men. Bill and Edward Green were killed, Arthur Green, the youngest brother, was shot and captured and Milton Barker was also taken into custody.

Sunday Marshal Rutherford learned that the Greens and their band had planned to rob the postoffice and railway station at Oolagh and hold up the passenger train due there early yesterday morning. The officers planned to intercept the outlaws and succeeded in getting the three Green brothers late at night at a crossing on the Verdigras river.

MURDERED AND ROBBED.

A Brass Foundry Employee Killed by Footpads For a Few Dollars.

FORT WAYNE, Oct. 14.—The dead body of George Frech, employed in the brass foundry, was found in the willows lining the river bank near Rivermet avenue, and later developments show that he was murdered and robbed by footpads, after which his remains were thrown down the bank.

Frech lived in the suburbs, and was returning home with his week's wages, only a few dollars. The murder is supposed to have been committed on Saturday evening, as cries for help were heard at that time by persons living in the vicinity, although no investigation was made. Frech was 19 years old, and of slight build.

THIRTEEN-DAY SIEGE

Sixteen Engagements Have Occurred in Eastern Cuba.

GEN. WEYLER'S OFFICIAL REPORT

Five Thousand Spanish Troops Defending Themselves Against the Attack of General Gomez's Men—General Weyler's Unpopular Edict—Mystery About the Tug Dauntless.

HAVANA, Oct. 14.—The Cuban forces in eastern Cuba under Maximo Gomez and Calixto Garcia have taken the field and meager accounts have just been received of a determined siege by them, lasting 13 days of Cascorros in the eastern district of the province of Puerto Principe, near the middle of the island. The official report of this affair is just given out, and it is as follows:

The 13 days' siege of Cascorros has been broken by General Castellanos. This was only accomplished after 16 engagements, occurring on Oct. 4, 5 and 6, against the combined insurgent forces from Santiago de Cuba and Puerto Principe under Maximo Gomez, Calixto Garcia, Rosa, Vega, Lopez, Recio and Pena and other less important insurgent leaders.

The troops taking part in these engagements numbered 5,000, including 1,800 infantry, 300 cavalry and two pieces of artillery.

The Spanish forces remained in Cascorros on Oct. 6 to repair the damage done to the place by the bombardment of the insurgents, who fired as many as 219 shells during the siege.

On Oct. 7 another engagement occurred, in which the insurgents were defeated after four hours' fighting, their loss being unknown, but it is presumed to be large. The troops in this engagement lost five killed and two chiefs, three officers and 51 privates wounded.

During the siege of Cascorros the troops fired 75,000 rounds of ammunition and 49 cannon shots.

Some of the letters of Maximo Gomez were seized in the subsequent repulse of the insurgents.

Three of the shells fired by the insurgents at Carcorros have been brought to Havana. Their calibre measured 7 centimetres.

SHARPSHOOTERS FOR CUBA.

Fifty Indian Fighters Will Soon Be Aiding the Insurgents.

NEW YORK, Oct. 14.—The World says: George T. A. Bartlett, formerly a United States government scout at Wounded Knee, South Dakota, and one of the best sharpshooters in the country, has been engaged by the Cubans in this city to take a band of 50 sharpshooters to Cuba to aid the insurgents.

The party intended to sail for the West Indian islands yesterday, but owing to the failure of a number of sharpshooters to arrive in the city Sunday, the departure has been postponed.

There are in New York awaiting transportation to Cuba 32 men who have been engaged by the federal government in subduing the Indians in western states. The Cuban managers have engaged these Indian fighters to assist the insurgents.

The sharpshooters are in hiding in different parts of the city, where they will remain until they receive instructions from their leader to be ready to sail from a port a short distance from New York.

Bartlett's companions are Seth Hathaway, another government scout, and Harry B. Williams, who says he is a "scout, guide, interpreter, sharpshooter and sandwich eater." Both men belonged to General Crook's command in 1876.

WEYLER'S EDICT.

The Wives and Children of Patriots to Be Expelled From Their Homes.

HAVANA, Oct. 14.—Families in the interior towns are terror-stricken with the renewal of Weyler's edict ordering that the wives and children of patriots who may attack any city or town be expelled to another province.

This measure constitutes the greatest outrage upon the Cuban dignity. It aims at the corruption of families. Unscrupulous Spanish officers are well aware of the terrible power they can wield and do not hesitate to threaten virtuous women with the enforcement of the edict.

The Spanish colonel, Rodriguez, operating in San Juan de los Yeras, was thought to be superior to most of his colleagues. He has always acted humanely and was respected by all. But a few days ago he caused the arrest of 17 persons, and all were hacked to pieces with machetes. The result of this was that many peaceable men have joined the patriot army.

General Avolar has improved upon Weyler's bank bill edict. He has issued an order forbidding merchants along the military line to alter the price of goods.

WHERE IS THE DAUNTLESS?

The Filibustering Tug's Whereabouts Are at Present Unknown.

JACKSONVILLE, Fla., Oct. 14.—Government officials here are worried over the whereabouts of the tug Dauntless, and it is intensified by a rumor from Washington that the officials there are displeased over the disappearance of the tug.

The steamer Commodore asked permission to go out last night, and the treasury department was asked in regard to it, but no reply has been received.

The Three Friends and the Commodore will be looked after sharply now.

Mr. Eishoe, the owner of the Dauntless, says the tug is in legitimate business off Brunswick, and that she is not in any filibustering expedition.

The Spanish consul is very active and several additional Spanish detectives are here. The consul professes to be satisfied with the action of the government officials here, saying that they could not do any more than they did.

No news has been received from the Dauntless.

FILIBUSTERING EXPEDITION LANDED.

Men, Arms and Ammunition Arrive on a Haytian Schooner.

NEW YORK, Oct. 14.—The Herald's correspondent in Baracoa reports the landing of a new filibustering expedition in Mariel, in eastern Cuba. I understand that the party brought 1,000 rifles and a proportionate quantity of munitions. The men disembarked from a Haytian schooner between two Spanish forts, neither of which was a mile and a half away. The war material was all transported into the interior before any alarm was raised.

Such is the state of suffering among the classes in Baracoa that the local Spanish commandant is now permitting women and children to go through the government lines to beg food in the rebel camps. More than 300 passes for this purpose are being issued daily. The women are subjected to rigid search as they go outside the walls of the town, to prevent any medicines being taken to the insurgents and also upon their return for correspondence.

Pernicious fevers are scouring Santiago de Cuba. The mortality in September was nearly 500.

Sick Soldiers.

MADRID, Oct. 14.—A dispatch from Havana says the sick and wounded among the Spanish soldiers on the island of Cuba number 4,200.

AID ASKED FOR ECUADORIANS.

More Than Thirty Thousand People Homeless and Without Bread.

NEW YORK, Oct. 14.—Zimmerman and Forsythe, Wall street bankers, are asking aid for the sufferers from fire that wiped out half the city of Guayaquil, Ecuador, which they describe as the only artery of communication between that country and the United States. They will forward all such subscriptions. Having sent a cable message to Jose M. Carbo Aguirre, governor of the province, asking whether assistance was required, the firm received the following response:

"In the name of the government and the people of Ecuador, I thank you for your offer, and if any assistance can be given by the New York Stock Exchange or others, it will be gratefully received on behalf of the sufferers."

"The fire destroyed totally more than one-half of the city, including the richest and finest part. The losses aggregate more than 100,000,000 pesos and more than 30,000 persons are homeless and without bread."

The Herald's correspondent in Guayaquil, Ecuador, telegraphs that the national convention has authorized the government to provide free transportation for such sufferers by the great fire as desire to go to other places and also to supply food and clothing to destitute persons. A general order has been issued prohibiting any rise in the prices of the necessities of life. More than 15,000 persons have already left the city for neighboring towns and villages.

ELEVEN MEN DROWNED.

The Barkentine Thomas J. Stewart Given Up For Lost.

BOSTON, Oct. 14.—The owners of the barkentine Thomas J. Stewart, bound from Weehaken to this port, have given the vessel up for lost. The Stewart left New York Sept. 8, via Sandy Hook. The vessel was loaded deep with over 1,400 tons of coal. The presumption is that she was caught in the hurricane on Sept. 8 and 9 and capsized.

The Stewart was commanded by Captain T. C. Blake of Brewer, Me., and his first mate was Joseph Connors of North Castine, Me. The cook was Charles W. Gray of Orland, Me. The crew were Dutchmen. Philip B. Boynton of Bangor, who was learning navigation, was also on board, making the entire ship's company 11 men.

The vessel was valued at \$30,000, owned by Isaac K. Stetson of Bangor, Maine.

DIED FROM HIS WOUNDS.

A Relative of Chauncey Depew Shot by a Watchman.

JANESVILLE, Wis., Oct. 14.—John Sutton, who was shot in an attempt to rescue a friend from the Edgerton night watchman a few weeks ago, is dead. Sutton's mother was a cousin of Chauncey M. Depew. The young man stood high in Edgerton business circles.

The night watchman at Edgerton had arrested a man and was locking him up. Sutton and a friend tried to rescue the prisoner and lock up the watchman. They had the latter inside the building when he fired through the door, the bullet breaking Sutton's leg. Sutton became insane and died from a breaking down of the nerve forces. The watchman says that he acted solely in self-defense.

Killed Her Husband With an Ax.

CLYDE, Ga., Oct. 14.—Three months ago Tommie Longway White married Roxie Tillman, from Chatham county. He brought her to his father's, near that place. The honeymoon was short, for yesterday afternoon she killed him, splitting his head open with an ax. She confessed that she killed him, but claims self-defense. There was no eye-witness to the tragedy.

MINERS NOT TO STRIKE

They Will Accept the Reduction of Wages.

FORTY-FIVE CENTS HEREAFTER.

Quite a Number Have Already Voted in Favor of So Doing—An Elevator Accident at Columbus—Several Important Decisions Rendered—Novel Election Bet—Various Other Ohio State News.

COLUMBUS, O., Oct. 14.—The prospects are that there will be no strike by the coal miners, but that they will accept the 45-cent rate, a number of them having already voted in favor of doing so. At Nelsonville 200 men employed by the Poston Mining company decided to accept the cut to 45 cents.

A meeting of the miners of the Hocking and Sunday Creek valleys will be held at Brush Fork next Friday morning to act on the matter. The officers of the state organization will be there to counsel with the miners.

Two hundred and fifty miners are on a strike at the Tom Corwin mine near Glenroy. The men refused to go to work because the company would not guarantee the old rate of wages pending a settlement. It is feared that the strike will become general.

Seven Year Mystery Partly Solved.

CHILLICOTHE, O., Oct. 14.—The mystery surrounding the fate of William Lee, who mysteriously disappeared from this locality seven years ago, has been cleared up by the finding of his skeleton on the edge of the bay, near Rochester, with a bullet hole in the head. He was identified by a "wolf" tools, a knife, a pipe and a pair of boots. A revolver was found near, but it was not his. There is no doubt the man was murdered. His widow and children live here.

Woman Killed in an Elevator.

COLUMBUS, O., Oct. 14.—Ella Harrison, a colored woman, aged about 30 years, and employed as a domestic by Mr. John Johnson, having an office in the Ruggery building, was instantly killed by the elevator of that building yesterday. She was on her way to Mr. Johnson's office and when the elevator started suddenly she was thrown against its side and there being no protecting screen her head was crushed against the floor of the second story.

Paper Mill Employee Injured.

CHILLICOTHE, O., Oct. 14.—Edward Kuder, an employee of the paper mill here, was so badly scalded yesterday that he will probably die from his injuries. He was engaged in fixing a valve on the boiler, when the valve broke and the steam poured out all over him. Medical aid was at once summoned and it was found that he was scalded from head to foot. It is also thought that he inhaled some of the steam and his condition is serious in the extreme.

Convict Suicides.

COLUMBUS, O., Oct. 14.—Joseph Smith, serving a one-year sentence in the penitentiary from Montgomery county, suicided yesterday by cutting his throat with a knife. His cell looked like a slaughter pen. He was a weak-minded prisoner. He was first sentenced to three years for burglary, and when the court was apprised of the prisoner's mental condition the sentence was reduced to one year.

Must Go Through Other Courts.

COLUMBUS, O., Oct. 14.—The supreme court has decided in the case of the state against J. J. Deibold, brought up from Hamilton county, that a bill of exceptions could not be taken from a magistrate's court direct to the supreme court. This was a pure food test case.

Board of Pardons Powers.

COLUMBUS, O., Oct. 14.—Attorney General Mounett has decided that the board of pardons has jurisdiction to receive applications for the pardon or commutation of sentence of prisoners in the state reformatory. This has been a mooted question among attorneys.

Decision About Cigarettes.

COLUMBUS, O., Oct. 14.—State Auditor Guilbert has decided that cigarettes with tobacco wrappers are cigarettes within the meaning of the Ohio cigarette law, the same as if they were in rice paper wrappers.

Novel Election Bet.

MOUNT VERNON, O., Oct. 14.—John McCarron and Dr. George Bunn have made a bet that if McKinley shall be elected McCarron will wear his clothes inside out for 30 days, and if Bryan shall be elected Bunn will do the same.

Seeking Millions.

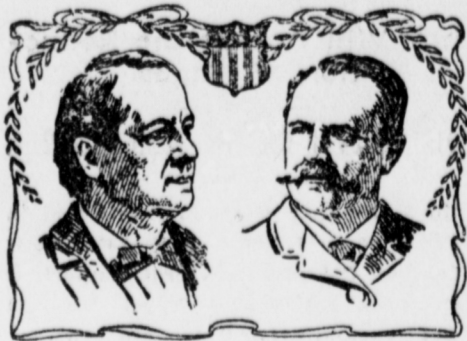

AKRON, O., Oct. 14.—The descendants of Jacob Roger, who claim to be heirs to property in St. Louis valued at \$240,000,000, met here yesterday and agreed to engage an attorney to press their claims.

INDIANAPOLIS, Oct. 14.—The state board of elections has decided that the electoral ticket of the national Democrats should be called the "Gold Standard" ticket. The board had previously notified Mr. S. O. Pickens, the chairman of the state central committee of the national Democrats, that the ticket could not go on the ballot under the name of National Democratic, and had requested him to send in another name. This Mr. Pickens declined to do, stating that the name had been advisedly chosen and that there was nothing in the law to forbid its use.

PROPHECY AND FULFILLMENT.

[K. S. J., in Louisville Evening Post.]

Prophecy, 1876.—However great the natural resources of a country may be, however genial its climate, fertile its soil, ingenious, enterprising and industrious its inhabitants, or free its institutions, if the volume of money is shrinking and prices are falling its merchants will be overwhelmed with bankruptcy, its industries will be paralyzed and destitution and distress will prevail.—Report of United States Silver Commission, 1876, p. 56.

Fulfillment, 1895.—Prices have fallen 50 per cent.

Merchants are bankrupt. Industries paralyzed. Destitution and distress prevail. The volume of money shrinking. The only business which prospers is the accursed trade of usury.

J. R. SOVEREIGN, Grand Master Workman of the Knights of Labor, has issued an appeal to workmen to vote for Bryan and free silver, as the gold standard is the greatest enemy of labor and is solely in the interest of the millionaires, bond-holders, trusts and corporations.

UNDER the Australian ballot law no living man can tell how you vote. The ticket or the stub has no mark by which a Judge or Clerk of election can tell how you vote. It will be impossible for any person to know how you vote. Don't be afraid of your employers, but vote your honest sentiments.

"It is not denied by anybody," says an exchange, "that more money is being spent in McKinley's behalf than was ever before spent in a Presidential campaign. And few men are simple enough to believe that the men who are furnishing this money, do not expect to get it all back with heavy additions, if they can elect McKinley." This money the trusts and wealthy corporations and individuals are putting up has all got a string to it. They will get it back with big interest if McKinley wins.

SILVER men howled down Mayor Strong when he attempted to address an Eastside meeting in New York City;—showing most conclusively that the Bryan party is the party of disorder.—Public Ledger.

The above is another sample of the Ledger's political rot. If the circumstance alluded to shows "most conclusively" that the Bryan party is the party of disorder," we presume the outrageous work spoken of below shows "most conclusively" that the McKinley party is the party of disorder. Here's a special that we publish for the Ledger's information:

FINDLAY, O., October 12.—Republican leaders here again succeeded in breaking up a free silver meeting, almost causing a riot. Ten days ago they mobbed Rev. Asa Ellis, a preacher nearly seventy years old, who had been a life-long Republican, but was making a free silver speech from the court house steps. This evening another silver Republican, W. R. M. Cooper, attempted to deliver an address from the same place, but he was hooted and yelled down by a mob of fully 1,000 Republicans, who came together apparently by concerted action. Bloodshed was prevented only by the prompt action of Democratic leaders, who discouraged violence against the assailants. The Republican police force made no effort to protect the speaker. The most bitter feeling is being aroused by these premeditated attacks upon Bryan speakers, and it is predicted blood will flow the next time.

The disturbance at the Strong meeting was caused merely by the yelling for Bryan and by the crowd asking Mr. Strong questions. The affair at Findlay is quite different.

FOR THE PEOPLE.

There is another reason, if you will look and see who have opposed Democracy in the past you will get some idea of the correctness of our position. Let me read what Thomas Jefferson said in 1800 of the combination which was then opposing Democracy. These are the words of Jefferson:

"The aspect of our politics has wonderfully changed since you left us." He was writing to a friend who had gone abroad:

"In place of the noble love of liberty and republican government which carried us triumphantly through the war, an Anglican party has sprung up, whose avowed purpose it is to draw us over to the sub-tance, as they have a ready done o the forms, of the British Government. While the main body of our citizens remains true to republican institutions—against us are the Ex-executive, the Federal Judiciary—two of three branches of government—all the officers of the Government, all timid men, who prefer the calm of despotism to the boisterous sea of liberty; all merchants and Americans trading on British capital, all speculators and brokers, and with them the banks and dealers in the public funds (United States bonds)—a contrivance invented for the purpose of corruption and for assimilating to the rotten, as well as o the sound parts, of the British model. It would give you a fever if I were to name to you the apostates who have gone over to these heresies—men who were once Solomons in council and Samsons in the field, but who have had their heads shorn by the harlot of England. In short, we are likely to preserve the liberty we have obtained, only by unremitting labors and perils, but we shall preserve it."

Those are the words in which Jefferson describes the opposition to the Democratic party in 1800, ninety-six years ago. Show me a man who goes to Europe oftener than he crosses the Mississippi river and I will show you a man who thinks this country cannot do anything unless England helps us to do it. Show me a man who thinks that this nation cannot survive unless it draws on British capital, show me a man who thinks that our financial policy ought to have for its object the borrowing of money abroad, and I will show you a man who would make the people bow their necks for foreign oppression and observe whatever financial policy our creditors desire to force upon us. It seems that they had apostates in those days, and it seems that they were Solomons in council and Samsons in the field. Why my friends, you would suppose that Jefferson was describing the present conditions, because every man who leaves the Democratic party is willing to make affidavit that he is a Solomon in council and was a Samson in the field, but Jefferson says that the Government would be preserved in spite of them.

He said that the liberties of the people would be retained in spite of them, and, my friends, I believe this is true to-day. We can lose our leaders who have been, not argued out of the Democratic party, but pulled out by great corporate interests, and yet the Democratic party will survive. And for every Democrat who is drawn away from his moorings by some submarine cable we will gain Republicans who still believe that this nation ought to have its own business attended to by its own people. We have commenced a warfare against the gold standard, and we expect to continue that warfare until there will not be a man in this country who will dare to raise his voice for the gold standard in the United States.—W. J. Bryan.

THE Louisville Courier-Journal has been comparing wages in the United States and in Mexico. Isn't it strange that these McKinleyites and McKinley-crats never think to give us a comparison of the wages paid in Germany and England and the United States,—all gold standard countries? There is but one conclusion and that is, that their talk about wages in Mexico is all made to hoodwink and mislead the wage earners.

Mrs. JOHN J. ALEXANDER, of East Second street, who has been suffering from the grip, is somewhat better.

A SPECIAL from Frankfort says: "Hereafter Kentucky banks will be compelled to report to the corporation department of Secretary of State the amount of money owing to the banks from the stockholders and the amount owing from directors. Failure to report these two items have caused most of the bank failures in recent years."

A foul breath is one of the greatest afflictions that a man or woman can have. An affliction not only to themselves, but to those with whom they come in contact. A foul breath is a great discourager of affection. It would probably be more so if people only realized just what bad breath means. Bad breath is one of the symptoms of constipation. Some of the other symptoms are sour stomach, loss of appetite, sick and bilious headache, dizziness, heartburn and distress after eating. These things mean indigestion. They lead to dyspepsia and worse things. They all start with constipation, and constipation is inexcusable because it can be cured—easily, quickly and permanently, by the use of Dr. Pierce's Pleasant Pellets. They give to nature just the little help that she needs. There is no case of biliousness, constipation, indigestion, "heartburn," or any of the rest of the night-mare breeding brood, that these little "Pellets" will not cure.

MILLCREEK.

It is also conceded that as a nation, we are a leader in everything but finance. Why not in that? Bismark says we are able to.

Millcreek is right side up with care politically. Only one Republican in our neighborhood; he looks lonesome. Even his wife is a Democrat. I know he must feel lonesome.

That was mighty clever in Charlie Moore's cousin Billy Breckinridge to help to provide a home for us poor prodigal Democrats, and a servant to brush the dirt off. Hold on, cousin Billy, until the election is over, then you will see who is in the clover. You may get left in the soup and feel awful bad, when you hear the toter fellow's whoop.

It is conceded that as a nation financially we are in what the boys call a hole. It looks as though a vote for McKinley or Palmer would be just to pull the hole in on us. They propose no increase in our circulating medium, but say must sweat it out on a gold basis. Mr. McKinley says start the mills. Mr. Bryan says start the mills and mills too. That seems better—16 to 1 better.

We are not dictators, but it does seem that if the nations that are nearest the Turks have not sufficient civilization or christianity to interfere in behalf of the Armenians some other nation more remote might speak out, and why not Uncle Sam? His voice is powerful.

They are our brethren, who suffer in the strife, For whom, if necessary, we should give our lives. Come weal or come woe, I for one am ready to go. Let our congress just do its work, And men will be found to quell the Turk. Send "Old Glory" to the sea, And poor Armenia will soon be free. Old Glory, O long may she wave, O'er the land of free silver and the home of the brave.

Hurrah, Bryan, the poor man's friend, or words to that effect. Our sick are better; indeed we are all feeling better at the prospect of better days.

Dayton, Ohio, and Return \$3.45. On October 13th and 14th the C. and O. will sell round trip tickets, Maysville to Dayton, Ohio, at one fare, \$3.45. Return limit October 17th.

FIVE HUNDRED

Silver Republicans Sat on the Platform With Senator Teller.

PEORIA, ILL., October 12.—Before an audience of at least 6,000 people Senator Henry M. Teller, of Colorado, expounded free silver doctrine to-night. The meeting was under the auspices of the free silver Republicans of Peoria County and city. Five hundred of them occupied seats on the platform, and will all vote for Bryan and Sewall. Peoria County has at least 1,500 free silver Republicans, and to-night's meeting has caused consternation in the minds of the regular Republican organization, which has been claiming wonderful things.

The People Are For Bryan and Thomas. Speaking of the debate between Judge Pugh and Colonel Thomas at Owingsville, the Bath County Democrat says: "Mr. Thomas successfully met and refuted every point of any consequence made by his opponent and the applause at frequent intervals was almost deafening. The people are for Thomas as they are for Bryan and there is no doubt of his election to Congress by a good majority."

Colored People Indignant Over Their Treatment at Opera House Friday Night.

Some of Them Were Told to Go to the Gallery or Go Home—A Red Hot Letter on the Subject.

Some of Maysville's colored citizens are not feeling any too good over the way they were treated at the opera house last Friday night when Hon. John W. Yerkes spoke here.

When the pastor of Scott Chapel attempted to enter the house, a policeman told him he would have to wait until the clubs arrived. Just as the colored pastor stepped back, a white Democrat approached and was admitted.

On entering, the Democrat, who had noticed the turning back of the preacher, found three or four hundred people already in the house.

Later on a party of the colored teachers of the city with their company entered the house, and were told they "must go to the gallery or go home."

The affair has called forth the following communication to the BULLETIN:

MAYSVILLE, KY., October 10, '96. I wish to thank the Republican party for the manner in which they treated the colored pastors of Maysville and also the colored teacher. They didn't expect to take the front seats in the opera house, nor did they expect to be invited on the stage, but as the Republicans say they are the negroes' friend, why the colored teacher wouldn't hurt them sitting in back part of the house.

One of the Republican policemen standing at the gates refused to admit the colored pastor, until the parade came, so they would have to go to the gallery with all of the toughs. The Chief of Police told the colored teachers and some more who were in company with them to go in the gallery or go home.

When the Republicans were in the battlefield the negro was put front for breast works; now our best negroes must go to the hen roost. Still they say vote for me, I am your friend. If you call that friendship I don't want it. If I were a man I would surely stump the State for the Democratic party, for they show more respect to the negro than that. If they call this negro friendship, I don't want it in mine.

Of the seven or eight hundred Republican voters in Maysville, fully half are colored. If the latter should take it into their heads to resent last Friday's treatment at the polls in November, they would cause a big shaking up in the vote.

DONOVAN-DANIELS.

St. Patrick's Church the Scene of a Happy Marriage Early This Morning.

The marriage of Mr. Mark Usher Donovan, of Winchester, and Miss Katherine Linda Daniels, of this city, was solemnized at 8:15 o'clock this morning at St. Patrick's Church, the pastor Rev. A. T. Ennis officiating. At the close of the marriage ceremony, the nuptial mass was celebrated.

The bride wore a pretty costume of Dresden silk with chiffon trimmings, and carried a bouquet of pink flowers. The groom wore the conventional black.

The ushers were Messrs. M. J. Donovan, a brother of the groom, Henry Bannon, of Cincinnati, a cousin, and Frank P. O'Donnell and Thomas Slattery.

Mr. and Mrs. Donovan left on the 10 o'clock train for Old Point, and will spend their honeymoon in the East.

The bride is a daughter of Mrs. Lawrence Daniels and is a most estimable young lady. The groom is a son of Mr. Thomas Donovan, and is one of the editors and proprietors of the Winchester Democrat. The couple have a host of friends here and elsewhere who will join with the BULLETIN in congratulations and good wishes.

MR. THOMAS BULGER, a prominent business man of Cincinnati, is visiting his friend, Mr. Thomas Mehan, at Washington. He says he would not be surprised should Cincinnati go for Bryan, as there is a strong under current there for him. He works a great many hands in his factory, and is well informed about the matter.

THE quickest time ever made between Huntington and Cincinnati was by the Bryan special which left the former city on the afternoon of October 3rd. The run was made in two hours and forty-seven minutes. A number of stops were made but this includes only the actual running time. Engineer Brown was at the throttle and he is among the best engineers on the road. Some of the distance was covered at a rate of seventy-three miles an hour.

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

A New Departure in the Visitation Order. Patrons to be Given the Best in Educational Lines.

The Sisters of the Visitation Academy, ever alert and foremost in all that pertains to the advancement of education, and in keeping with their past enterprising efforts to give to their patrons all that is best, have this year made a departure which is unprecedented in the history of the Visitation order.

Sister M. Agnes and Sister Luitgard, both well and favorably known to all our citizens (or to all Maysville people), the former in the department of music and the latter in elocution, have both repaired to Chicago, now the acknowledged seat of art and music in America, there to perfect themselves by a special course under the leading specialists in the country. Sister M. Agnes, who previous to entering the visitation order was known as Miss Egan, is a distinguished graduate of the Boston Conservatory, in both vocal and instrumental music, and has met with rare success in teaching in various institutions before coming to Maysville to take up her life work. In the competitor examinations held at the Chicago college this fall she was the only one out of a class of several applicants accepted by Madam Fox for her higher class in vocal art. She completed the study of Mason's Touch and Technique, which was prosecuted under the supervision of Prof. W. S. B. Mathews, the collaborator of Dr. Mason in his work, in six lessons, a course ordinarily occupying twenty lessons. The Sister is at present, in conjunction with her vocal studies, engaged in taking a course of twenty lessons from Mr. Wm. H. Sherwood, the greatest of all American pianists, and has succeeded in winning many encomiums from the great pianist upon her artistic touch and temperament and her marvelous technique. Both Professor Mathews and Professor Sherwood unite in saying that they have never had a pupil better calculated to reflect credit upon them.

Sr. Luitgard, who was well known as Miss Hord previous to entering the order, is a graduate of the Visitation Academy. Her well known talents, in the line of elocution especially, caused her to be sent to Chicago to enter upon a finishing course at the Chicago School of Dramatic Art, where she would have the advantage of the personal instructions of Madame Tisdale, whose reputation as a teacher of elocution and d'elarte is international.

Both the Sisters are receiving special private instruction in their various branches and the venture has necessitated a great expenditure of money by the Visitation Sisters. But this fact is entirely lost sight of in the knowledge that the school, upon their return, will be better prepared than ever to inculcate the higher branches of art.

But three or four more weeks will elapse when the Sisters will have completed their work and will return to their classes, bearing with them the hearty endorsements of the greatest artists of America.

Canvassing Board Declares No Election Held in Baker County, Florida.

MACLENNY, Fla., Oct. 14.—The canvassing board met to canvass the vote of Baker county from the returns in the office of the county judge, as the returns sent to the supervisor were stolen when his office was broken open Thursday night.

On opening the ballot boxes it was found that the inspectors of three out of five districts had failed to send any returns of the election as required by law. As the board had no returns to canvass it declared no election in Baker county and so notified the secretary of state.

Murder in the Indian Reservation.

WINNIPEG, Oct. 14.—A dispatch from MacLeod, N. W. T., to the Free Press states that a serious shooting affair has taken place on the Plood Indian reservation. One Indian shot another dead while in a jealous rage, and Farm Instructor McNeil who interfered was shot through the body and seriously wounded. The Indian murderer is still at large, with a posse of mounted police in pursuit.

Two People Drowned.

SANGERVILLE, Me., Oct. 14.—The bodies of George Coombs and Miss Mattie Morgan, daughter of C. A. Morgan of this town, were found yesterday in Northwest pond. They went out in a small sail boat Monday afternoon and the boat was probably overturned by the squall which passed here during the afternoon.

SOLD BY ALL DRUGGISTS.

LOUISVILLE TOBACCO MARKET.

Offerings Last Week Were Very Poor in Quality—Prices as a Rule Were Irregular.

The following is furnished by Glover & Durrett, of the Louisville Tobacco Warehouse:

Sales on our market for the week just closed amount to 2,947 hhd., with receipts for the same period 1,323 hhd. Sales on our market since January 1st amount to 138,180 hhd. Sales of the crop of 1895 on our market to this date amount to 133,119 hhd.

The offerings of burley tobacco last week were very poor in quality. The good to fine grades and the medium clean reds in good condition have sold fully up to prices current for some time past, but all other sorts were irregular and easier until Friday when the market was more active and prices somewhat better for these latter grades. There was a few hhd. of new burley sold last week, the quality of which was poor and prices low.

The following quotations fairly represent our market for burley tobacco (1895) crop:

Trash (dark or damaged).....	\$ 1.00@1.50
Common colory trash.....	2.00@3.50
Medium to good colory trash.....	3.50@4.00
Common lugs, not colory.....	2.00@3.00
Common colory lugs.....	4.00@6.00
Medium to good colory lugs.....	6.00@8.00
Common to medium leaf.....	5.00@7.00
Medium to good leaf.....	7.00@12.00
Good to fine leaf.....	12.00@15.00
Select wraperry leaf.....	15.00@25.00

The above quotations are not applicable to green and frosted crops.

A REPUBLICAN'S TRIBUTE.

Bryan's Law Partner Speaks of the Democratic Nominee in Glowing Terms.

LINCOLN, NEB., October 12.—A. R. Talbott, law partner of Wm. J. Bryan, tonight gave the following signed statement to the Associated Press: "I see stated in the press the report that I 'bolted' Bryan, my law partner, now candidate for President on the Democratic ticket. I have always been and now am a Republican, but no man has a greater admiration or higher regard for Bryan than I have. His HONESTY, INTEGRITY AND PATRIOTISM CANNOT BE QUESTIONED."

The Discovery Saved His Life.

Mr. G. Caillouette, druggist, Beaverville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at J. James Wood's drug store.

NINE DAYS WITHOUT FOOD.

Horrible Suffering of a Shipwrecked Crew of a Norwegian Bark.

PHILADELPHIA, Oct. 14.—The British steamer Evelyn, Captain Horner, from Huelva, Spain, anchored in the Delaware river yesterday evening, having on board the almost lifeless bodies of nine seamen, the crew of the Norwegian bark Lovise, who were picked up at sea after being adrift without food or water for nine days. Their condition when rescued was a most pitiable one, and so faint had they become that it was necessary to tie lines to them and haul their attenuated and trembling forms on board the steamship. The particulars of the terrible suffering of the men are meager, as they are still too weak to go into details.

The Lovise, in command of Captain Anderson, left Mobile Aug. 17, for Rosario, with a full cargo of lumber. She experienced the September hurricanes and was badly disabled. Her condition became so bad that all hands had to leave her in two small boats, and until the Evelyn hove in sight they had not seen a vessel for nine days. They could not have lasted another night such was their suffering. Under treatment received since on board the Evelyn the unfortunate men are recovering, but their condition is still precarious. The Lovise was an old style craft, and when the seas washed her cargo the rails were carried away and decks wrenched open in many places, allowing the water to flow freely into her hold. At times she was completely at the mercy of the sea and it was impossible for the crew to venture on deck.

For days they clung to the sinking fabric, expecting with every lunge she made to be hurled into eternity. Finally the condition of the boat became such that the crew could no longer remain on her, so they put off in the remaining two small boats, hardly dreaming that they would ever see land again. Their struggle was a desperate one. Days of anxiety and suffering soon told on the unfortunate men, three of whom lost their minds. They raved and finally sank in absolute exhaustion.

When the Evelyn hove in sight these poor fellows lay helpless in the bottom of the boat. They were too weak to realize that their rescue had been effected.

Captain Horner did everything possible for the suffering sailors, and there is now hope of their recovery.

The Lovise was owned in Christiana, by M. Langard & Company, and was formerly the British bark W. H. Workman.

AN OLD VETERAN SUICIDES.

Captain Simon Kane Hangs Himself About Ten Miles From Washington.

WASHINGTON, Oct. 14.—Department clerks on their way to office from Woodside, Md., about 10 miles from town, yesterday discovered the dead body of Captain Simon Kane, a former member of the Seventeenth Wisconsin volunteers, suspended from a limb of a tree that had been blown over in the recent storm.

Captain Kane had been living in the soldiers' homes at Milwaukee, and Marion, Ind., practicing at both places as a claims agent. About a month ago he went to New York and his money giving out, sought to enter the home at Hampton, Va. It is believed he feared his application might not be successful and therefore committed suicide.

Schooner in Distress.

CHARLESTON, Oct. 14.—The Clyde company steamship Comanche has arrived from New York, having been delayed 24 hours by a hurricane. During the night of the storm she lay 70 miles north of Body Island lighthouse. Captain Pennington reports having passed a distressed schooner, laden with crosses, north of Hatteras. She had but one mast standing. He name could not be deciphered. All possible assistance was being rendered by a steamship, probably one of the Morgan line.

Why He Went Over the Falls.

NIAGARA FALLS, N. Y., Oct. 14.—It now seems almost certain that the mysterious suicide who ended his life so tragically Monday by jumping over the parapet at Prospect Point into the water, was A. J. Barton of Oil City, Pa. A letter has been shown the chief of police which was written by Barton and indicates that he had been made crazy by the rejection of his advances to a young girl of this city. The general description of the suicide corresponds to that of Barton.

Two Dead Bodies Found.

HARTFORD, Wis., Oct. 14.—The bodies of two men who had evidently been dead several weeks have been found in some underbrush near this city. They were well dressed. A bottle containing morphine and another containing laudanum were found in a valise near the bodies. Whether it is a case of murder or double suicide is not known. There was nothing on the bodies by which they could be identified.

Wages Advanced.

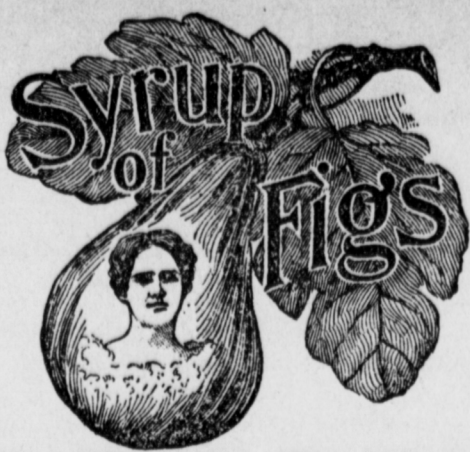

PITTSBURG, Oct. 14.—The Atterbury Glass company of this city has voluntarily advanced the wages of their employees 10 per cent. The Hazel Glass company of Washington, Pa., also advanced wages 10 per cent. Both these factories are nonunion and their action has strengthened the union workers in their fight for their scales.

Island Floating in Wind Lake.

MIDDLETOWN, N. Y., Oct. 14.—After a year's anchorage on one side of Mombesche lake, a floating island, containing about two acres, became released and is now floating in Wind lake, situated eight miles from this city, near Monroe. Hunters are having fine sport with the foxes and raccoons thus imprisoned.

Working Full Time Now.

WALTHAM, Mass., Oct. 14.—The 300 employees of the bleachery and dye works here began work on full time yesterday. For the past three months they have been employed on the 40 hours per week basis.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
